

Isaac Hardin of Greenville SC - McMinn TN--Deductions as to Ages of Children

by Travis Hardin revised Mar 30, 2015

Note: By writing dates "1789/8" I mean the person was born before census day of the first year or in the last part of 1788.

Note: Since the exact birth year of Rachel Hardin is 1770/69 (as we see in the McMinn Co. 1850 census), she is a second wife who married not earlier than 1785 (boy up to age 15 in 1800) and not later than 1788/7. The 1800 children are all hers. The 1790 children are all older, all but 2 males from the first wife, and all but the two young males left home before 1800.

Summary table of each individual based on age reported over six US Censuses:

	ISAAC HARDIN
1790	bef. 1774
1800	1756-1774
1810	≤1765
1820	<1775
1830	1751-1760
1840	
1850	
	1751-1760 or 1751-1752 Birth date taken 1751 or before (see First Wife logic)
1790	FIRST WIFE. Due to the age of the second wife (below), the 2 older boys of 1790 are the children of the first wife. I make out that the oldest 2 or 3 were born before 1774. The marriage was before 1772. If age 20 at marriage, the husband was born on or before 1752. If at marriage the first wife was 15 or older, but no older than the husband, she was born not much before 1751 and not after 1757. Discovery of older children would put the couple's birth into the 1740s.
